TEDI - VEHICLE CONSPICUITY TAPES

Certified by – International Centre for Automotive Technology
Standardization by – Automotive Industry Standard(AIS-090)
Mandated by – Ministry Of Road Transport & Highways (Govt.of India)
Rule – Centre Motor Vehicle Vehicle Rule - 1989

TEDI Conspicuity Sheeting: TEDI Conspicuity Sheeting with polycarbonate micro prisms give night time vehicle visibility a whole new brightness. And TEDI's tough engineering is designed for extreme road conditions – resisting cracking and peeling. Superior optics provide reflectivity even at almost 900 angles.

Vehicle Safety Marking System: "With reference to the G.S.R No 784(E), CMVR rule no 104 has mandated usage of Retro-Reflective Tape conforming to AIS 090 on all N classes commercial vehicles (w.e.f 1st April. 2009) and M class Passenger Carrying vehicles (w.e.f 1st October 2009)."

TEDI brand conspicuity material complies with various standards & regulations and is designed for application on truck & trailer, school bus, rail, AG/construction vehicles & equipment, fire, police, ambulance, and various recreational/non-regulatory applications.

"The mandate directs to use tape with "C" mark and "Manufacturer name" on the tape. The Manufacturer should have Genuine ICAT (International Centre for Automotive Technology) certificate for the product."

Features

- Six times brighter than conventional markings.
- Highly durable and non-corroding.
- Superior reflectivity, even at angles up to 900
- TEDI markings maintain superior conspicuity with a bright appearance during the day and high reflectivity at night.
- Easy to apply
- Meets and exceeds AIS-90, ECE-104 & AIS -037 guidelines.

Products Available

50mm RED Conspicuity | 50mm WHITE Conspicuity | 50mm YELLOW Conspicuity
 20mm RED Conspicuity | 20mm WHITE Conspicuity | 20&50mm RED & WHITE Conspicuity

CMVR Requirements

| Vehicle | Front (white) | Rear (Red) | Side (Yellow) | Width reqd as per the Notification |
|---------------------------------|---------------|------------|---------------|------------------------------------|
| N1(upto 3.5 t) | ✓ | ✓ | | ≥ 20mm |
| N2(3.5t <7.5t) | ✓ | ✓ | | ≥ 20mm |
| N2(7.5t < 12t) | ✓ | ✓ | ✓ | ≥ 50mm |
| N3 (above 12t) Incl Trailers | ✓ | ✓ | ✓ | ≥ 50mm |
| M2 | ✓ | ✓ | | ≥ 50mm |
| M3 | ✓ | ✓ | ✓ | ≥ 50mm |
